

Friends of Luther Park,

Luther Park is committed to keeping our retreat guests, campers, volunteers and staff safe from many different risks and especially from the health risks of the COVID-19 virus. Our policies and procedures for operations at Luther Park always include the protection and safety of everyone at camp.

Our staff will continue to be vigilant about disinfecting common areas, deep cleaning between groups and maintaining a safe, clean environment at Luther Park according to the health standards of the state of Wisconsin and Burnett County.

We are in communication with our local health officials regarding the best practices and safety procedures at Luther Park. We are also monitoring updates, information and recommendations from the Minnesota Department of Health, the Wisconsin Department of Health and the Center for Disease Control.

Luther Park is planning to continue with scheduled retreat and program events at this time. We will be communicating any updates and changes to our programming via email and social media. Registration for summer programs and requests for retreat space use will stay open until further notice.

Thank you for your continued partnership and support!

Love,

The Luther Park Team
